## **1. INTRODUCTION**

This document contains census information on student enrolments as at 30 April 2015, as this is the Polytechnic of Namibia census reference date. Data was retrieved from the database, analysed and presented in a meaningful format. Furthermore, the Report contains both formal programmes and short courses statistics in separate sections. Please take note that short courses statistics (in section 8) are not included in official enrolment statistics published through agencies like NCHE, UNESCO and the Ministry of Education.

This document therefore, shows enrolment information by schools, qualifications, demographics, offering type and study period of students.
